## Product Datasheet

### Human HGF, Clone: [PSH03-79], Biotin, Rabbit, Monoclonal HBO-HA722619B

|                          |                                                                      |
|--------------------------|----------------------------------------------------------------------|
| Artikelname              | Human HGF, Clone: [PSH03-79], Biotin, Rabbit, Monoclonal             |
| Artikelnummer            | HBO-HA722619B                                                        |
| Hersteller Artikelnummer | HA722619B                                                            |
| Alternativnummer         | HBO-HA722619B                                                        |
| Hersteller               | HUABIO                                                               |
| Wirt                     | Rabbit                                                               |
| Kategorie                | Antikörper                                                           |
| Applikation              | ELISA                                                                |
| Spezies Reaktivität      | Human                                                                |
| Immunogen                | Recombinant protein within Human HGF aa 32-728 (P14210).             |
| Konjugation              | Biotin                                                               |
| Klonalität               | Monoclonal                                                           |
| Konzentration            | 1 mg/mL.                                                             |
| Klon-Bezeichnung         | [PSH03-79]                                                           |
| Molekulargewicht         | Predicted band size: 83 kDa                                          |
| UniProt                  | <a href="#">P14210</a>                                               |
| Puffer                   | PBS (pH7.4), 0.1% BSA, 40% Glycerol. Preservative: 0.05% ProClin300. |

|                        |                                                                                                                                                                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein A affinity purified.                                                                                                                                                                                                                           |
| Formulierung           | Liquid                                                                                                                                                                                                                                                 |
| Application Verdünnung | ELISA(Det): Use at an assay dependent concentration. Can be paired for Sandwich ELISA with Rabbit monoclonal [PSH03-78] to Human HGF (Capture) (HA722042) and recombinant standard Human HGF (HA210739). The reference range value is 61.7-5000 pg/ml. |
