## Product Datasheet

### Mouse GM-CSF, Clone: [PSH12-40], Unconjugated, Rabbit, Monoclonal HBO-HA725019

|                          |                                                                   |
|--------------------------|-------------------------------------------------------------------|
| Artikelname              | Mouse GM-CSF, Clone: [PSH12-40], Unconjugated, Rabbit, Monoclonal |
| Artikelnummer            | HBO-HA725019                                                      |
| Hersteller Artikelnummer | HA725019                                                          |
| Alternativnummer         | HBO-HA725019                                                      |
| Hersteller               | HUABIO                                                            |
| Wirt                     | Rabbit                                                            |
| Kategorie                | Antikörper                                                        |
| Applikation              | ELISA                                                             |
| Spezies Reaktivität      | Mouse                                                             |
| Immunogen                | Recombinant protein within Mouse GM-CSF aa 18-141 (HA210930).     |
| Konjugation              | Unconjugated                                                      |
| Klonalität               | Monoclonal                                                        |
| Konzentration            | 1 mg/mL.                                                          |
| Klon-Bezeichnung         | [PSH12-40]                                                        |
| UniProt                  | <a href="#">P01587</a>                                            |
| Puffer                   | PBS (pH7.4).                                                      |
| Reinheit                 | Protein A affinity purified.                                      |

|                        |                                                                                                                                                                                                                                                                 |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                                                                                                                          |
| Application Verdünnung | ELISA(Cap): Use at an assay dependent concentration. Can be paired for Sandwich ELISA with Rabbit monoclonal [PSH12-41] to Mouse GM-CSF antibody (Detector) (HA725020) and Recombinant Mouse GM-CSF protein (HA210930) as the standard. The reference range val |
