## Product Datasheet

### Human CCL5, Clone: [PSH13-17], Biotin, Rabbit, Monoclonal HBO-HA725057B

|                          |                                                                      |
|--------------------------|----------------------------------------------------------------------|
| Artikelname              | Human CCL5, Clone: [PSH13-17], Biotin, Rabbit, Monoclonal            |
| Artikelnummer            | HBO-HA725057B                                                        |
| Hersteller Artikelnummer | HA725057B                                                            |
| Alternativnummer         | HBO-HA725057B                                                        |
| Hersteller               | HUABIO                                                               |
| Wirt                     | Rabbit                                                               |
| Kategorie                | Antikörper                                                           |
| Applikation              | ELISA                                                                |
| Spezies Reaktivität      | Human                                                                |
| Immunogen                | Recombinant protein within Human CCL5 aa 24-91 (HA210998).           |
| Konjugation              | Biotin                                                               |
| Klonalität               | Monoclonal                                                           |
| Konzentration            | 1 mg/mL.                                                             |
| Klon-Bezeichnung         | [PSH13-17]                                                           |
| UniProt                  | <a href="#">P13501</a>                                               |
| Puffer                   | PBS (pH7.4), 0.1% BSA, 40% Glycerol. Preservative: 0.05% ProClin300. |
| Reinheit                 | Protein A affinity purified.                                         |

|                        |                                                                                                                                                                                                                                                                 |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                                                                                                                          |
| Application Verdünnung | ELISA(Det): Use at an assay dependent concentration. Can be paired for Sandwich ELISA with Rabbit monoclonal [PSH13-16] to Human CCL5 antibody (Capture) (HA725055) and recombinant Human CCL5 protein (HA210998) as the standard. The reference range value is |
