## Product Datasheet

### Human CXCL2/MIP-2, Clone: [PSH17-89], Unconjugated, Rabbit, Monoclonal HBO-HA725248

|                          |                                                                        |
|--------------------------|------------------------------------------------------------------------|
| Artikelname              | Human CXCL2/MIP-2, Clone: [PSH17-89], Unconjugated, Rabbit, Monoclonal |
| Artikelnummer            | HBO-HA725248                                                           |
| Hersteller Artikelnummer | HA725248                                                               |
| Alternativnummer         | HBO-HA725248                                                           |
| Hersteller               | HUABIO                                                                 |
| Wirt                     | Rabbit                                                                 |
| Kategorie                | Antikörper                                                             |
| Applikation              | ELISA                                                                  |
| Spezies Reaktivität      | Human                                                                  |
| Immunogen                | Recombinant protein within Human CXCL2/MIP-2 aa 35-107 (HA210904).     |
| Konjugation              | Unconjugated                                                           |
| Klonalität               | Monoclonal                                                             |
| Konzentration            | 1 mg/mL.                                                               |
| Klon-Bezeichnung         | [PSH17-89]                                                             |
| UniProt                  | <a href="#">P19875</a>                                                 |
| Puffer                   | PBS (pH7.4).                                                           |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein A affinity purified.                                                                                                                                                                                                                                   |
| Formulierung           | Liquid                                                                                                                                                                                                                                                         |
| Application Verdünnung | ELISA(Det): Use at an assay dependent concentration. Can be paired for Sandwich ELISA with Rabbit monoclonal [PSH17-88] to Human CXCL2/MIP-2 antibody (Capture) (HA725247) and Recombinant Human CXCL2/MIP-2 protein (HA210904) as the standard. The reference |
