| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Produktbeschreibung      | Small GTPase-like component of the intraflagellar transport (IFT) complex B. Source: Recombinant protein corresponding to aa1-185 from human RABL5, fused to His-SUMO-Tag at N-terminal, expressed in E. coli. Molecular Weight: ~36.8kD Amino Acid Sequen... |
| Molekulargewicht         | 36.8                                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">Q9H7X7</a>                                                                                                                                                                                                                                        |
| Reinheit                 | 90% (SDS-PAGE)                                                                                                                                                                                                                                                |
| Formulierung             | Supplied as a lyophilized powder from 20mM Tris-HCl, 0.5M sodium chloride, pH 8.0, 6% trehalose. Reconstitute with sterile ddH2O to a concentration of 0.1-1mg/ml.                                                                                            |
