| Alternativnummer         | USB-495863-100                                                                                                                                                                                                                                                |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Immunogen                | Synthetic peptide corresponding to the N-terminal region of human ZBTB48                                                                                                                                                                                      |
| Produktbeschreibung      | ZBTB48 contains 1 BTB (POZ) domain and 11 C2H2-type zinc fingers. It belongs to the krueppel C2H2-type zinc-finger protein family and binds to and regulates the J and/or S elements in MHC II promoter. Applications: Suitable for use in Western Blot. O... |
