| Alternativnummer         | USB-T9100-100                                                                                                                                                                                                                                                 |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide, 18 aa sequence near the N-terminus of rat TSC (KLH).                                                                                                                                                                                       |
| Produktbeschreibung      | Chloride is a critical component of all living cells. It is also the single most dominant diffusible anion inside of most cells-the others are mostly impermeable organic anions. The cation chloride cotransporters (CCC) protein family is involved in t... |
| Reinheit                 | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a liquid in PBS, 0.1% BSA, 40% glycerol.                                                                                                                                                                                                          |
