## Product Datasheet

**Tyrosine Hydroxylase (TYH, Tyrosine 3-hydroxylase, Tyrosine 3-monooxygenase), Rabbit  
USB-T9237-10L**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-T9237-10L-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Immunogen                | Recombinant protein corresponding to mouse Tyrosine Hydroxylase at C-terminus.                                                                                                                                                                                |
| Produktbeschreibung      | Tyrosine Hydroxylase plays an important role in the physiology of adrenergic neurons. It is the first and rate-limiting enzyme involved in the biosynthesis of the catecholamines Dopamine and Norepinephrine from tyrosine. TH is, therefore, a useful ma... |
