| Alternativnummer         | USB-U1000-03C-ML550-100                                                                                                                                                                                                                                       |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Ubiquitin from bovine erythrocytes conjugated to bovine gamma globulin                                                                                                                                                                                        |
| Produktbeschreibung      | MaxLight(TM)550 is a new Yellow-Green photostable dye conjugate comparable to Alexa Fluor(TM)546, 555, DyLight(TM)549 , Cy3(TM), TRITC and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (550nm), Emission... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [1B4-UB]                                                                                                                                                                                                                                                      |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |

|              |                                                                    |
|--------------|--------------------------------------------------------------------|
| UniProt      | <a href="#">P62992</a>                                             |
| Reinheit     | Purified by Protein G affinity chromatography.                     |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. Labeled with MaxLight(TM)550. |
