| Hersteller Artikelnummer | U4100-66                                                                                                                                                                                                                                                      |
| Alternativnummer         | USB-U4100-66-200                                                                                                                                                                                                                                              |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide selected from the C-terminal region of human USP19 (KLH).                                                                                                                                                                                   |
| Produktbeschreibung      | Modification of target proteins by ubiquitin participates in a wide array of biological functions. Proteins destined for degradation or processing via the 26 S proteasome are coupled to multiple copies of ubiquitin. However, attachment of ubiquitin o... |
| Reinheit                 | Purified by ammonium sulfate precipitation                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a liquid in PBS, 0.09% sodium azide.                                                                                                                                                                                                              |
