Product Datasheet

VISA, NT (Virus-Induced Signaling Adapter, Mitochondrial Antiviral Signaling Protein, MAVS, CARD Adapter Inducing Interferon-beta, Cardif, IPS-1), Rabbit USB-V2124-20C

Artikelname	VISA, NT (Virus-Induced Signaling Adapter, Mitochondrial Antiviral Signaling Protein, MAVS, CARD Adapter Inducing Interferon-beta, Cardif, IPS-1), Rabbit
Artikelnummer	USB-V2124-20C
Hersteller Artikelnummer	V2124-20C
Alternativnummer	USB-V2124-20C-100
Hersteller	US Biological
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Immunogen	13 amino acid peptide from near the amino terminus of human VISA.
Produktbeschreibung	Two distinct signaling pathways activate the host innate immunity against viral infection. One pathway is reliant on members of the Toll-like receptor (TLR) family while the other uses the RNA helicase RIG-I as a receptor for intracellular viral doub...
NCBI	065797
Reinheit	Purified by immunoaffinity chromatography.
Formulierung	Supplied as a liquid in PBS, 0.02% sodium azide.
