| Alternativnummer         | USB-W1018-40D-APC-100                                                                                                                                                                                                                                         |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide corresponding to 15aa from near the C-terminus of West Nile virus core protein. Epitope: within aa80-130 of West Nile Virus Core.                                                                                                           |
| Produktbeschreibung      | WNV belongs to the Flaviviridae family which includes closely viruses such as Dengue fever, Yellow fever and Tick borne encephalitis. West Nile Virus particles consist of a dense core made up of the core/capsid protein encapsulating the RNA genome su... |
| NCBI                     | <a href="#">776011</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. Labeled with Allophycocyanin (APC).                                                                                                                                                                                      |
