## Product Datasheet

### **ZNF85 (Zinc Finger Protein 85, Zinc Finger Protein HPF4, HPF 4, HPF4, HTF 1, HTF1, MGC78566) (Azide Free) (MaxLight 650), IgG2b, Clone: [2G9], Mouse, Monoclonal USB-Z0737-85-ML650**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-Z0737-85-ML650-100                                                                                                                                                                                                                                        |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, IHC                                                                                                                                                                                                                                                    |
| Immunogen                | Recombinant human protein corresponding to a portion of amino acids within aa2-77 of ZNF85.                                                                                                                                                                   |
| Produktbeschreibung      | MaxLight(TM)650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Coe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [2G9]                                                                                                                                                                                                                                                         |
| Isotyp                   | IgG2b                                                                                                                                                                                                                                                         |

|              |                                                                                           |
|--------------|-------------------------------------------------------------------------------------------|
| NCBI         | <a href="#">003420</a>                                                                    |
| Reinheit     | Purified by immunoaffinity chromatography.                                                |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)650. |
