## Product Datasheet

### **PTH recombinant monoclonal antibody, clone PTH/1717R, Clone: [PTH/1717R], Monoclonal ABN-RAB08811**

|                          |                                                                                                   |
|--------------------------|---------------------------------------------------------------------------------------------------|
| Artikelname              | PTH recombinant monoclonal antibody, clone PTH/1717R, Clone: [PTH/1717R], Monoclonal              |
| Artikelnummer            | ABN-RAB08811                                                                                      |
| Hersteller Artikelnummer | RAB08811                                                                                          |
| Alternativnummer         | ABN-RAB08811-20                                                                                   |
| Hersteller               | Abnova                                                                                            |
| Kategorie                | Antikörper                                                                                        |
| Applikation              | IHC-P                                                                                             |
| Spezies Reaktivität      | Human                                                                                             |
| Immunogen                | Original antibody is raised against recombinant protein corresponding to N-terminus of human PTH. |
| Produktbeschreibung      | Rabbit recombinant monoclonal antibody raised against human PTH....                               |
| Klonalität               | Monoclonal                                                                                        |
| Klon-Bezeichnung         | [PTH/1717R]                                                                                       |
| UniProt                  | 5741                                                                                              |
| Puffer                   | In 10 mM PBS (0.05% BSA, 0.05% sodium azide)                                                      |
| Formulierung             | Liquid                                                                                            |

| Target-Kategorie       | PTH                                                                                                                                                                                                                                 |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Flow Cytometry (0.5-1 ug/10 <sup>6</sup> cells)Immunofluorescence (0.5-1 ug/mL)Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (0.5-1 ug/mL)The optimal working dilution should be determined by the end user. |
