## Product Datasheet

### **FLG recombinant monoclonal antibody, clone rFLG/1561, Clone: [rFLG/1561], Monoclonal ABN-RAB08843**

|                          |                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------|
| Artikelname              | FLG recombinant monoclonal antibody, clone rFLG/1561, Clone: [rFLG/1561], Monoclonal                       |
| Artikelnummer            | ABN-RAB08843                                                                                               |
| Hersteller Artikelnummer | RAB08843                                                                                                   |
| Alternativnummer         | ABN-RAB08843-20                                                                                            |
| Hersteller               | Abnova                                                                                                     |
| Kategorie                | Antikörper                                                                                                 |
| Applikation              | FC, IF, IHC-P                                                                                              |
| Spezies Reaktivität      | Human                                                                                                      |
| Immunogen                | Original antibody is raised against recombinant protein corresponding to amino acids 198-288 of human FLG. |
| Produktbeschreibung      | Mouse recombinant monoclonal antibody raised against human FLG....                                         |
| Klonalität               | Monoclonal                                                                                                 |
| Klon-Bezeichnung         | [rFLG/1561]                                                                                                |
| UniProt                  | 2312                                                                                                       |
| Puffer                   | In 10 mM PBS (0.05% BSA, 0.05% sodium azide)                                                               |
| Formulierung             | Liquid                                                                                                     |

| Target-Kategorie       | FLG                                                                                                                                                                                                                               |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Flow Cytometry (0.5-1 ug/10 <sup>6</sup> cells)Immunofluorescence (1-2 ug/mL)Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (0.5-1 ug/mL)The optimal working dilution should be determined by the end user. |
