## Product Datasheet

### **EGFR recombinant monoclonal antibody, clone GFR/2600R, Clone: [GFR/2600R], Monoclonal ABN-RAB08873**

|                          |                                                                                                                          |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | EGFR recombinant monoclonal antibody, clone GFR/2600R, Clone: [GFR/2600R], Monoclonal                                    |
| Artikelnummer            | ABN-RAB08873                                                                                                             |
| Hersteller Artikelnummer | RAB08873                                                                                                                 |
| Alternativnummer         | ABN-RAB08873-20                                                                                                          |
| Hersteller               | Abnova                                                                                                                   |
| Kategorie                | Antikörper                                                                                                               |
| Applikation              | IHC-P                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                    |
| Immunogen                | KLH conjugate of EGFRvIII-specific, 14-amino acid peptide from the predicted amino acid sequence at the fusion junction. |
| Produktbeschreibung      | Rabbit recombinant monoclonal antibody raised against human EGFR....                                                     |
| Klonalität               | Monoclonal                                                                                                               |
| Klon-Bezeichnung         | [GFR/2600R]                                                                                                              |
| UniProt                  | 1956                                                                                                                     |
| Puffer                   | In 10 mM PBS (0.05% BSA, 0.05% sodium azide)                                                                             |
| Formulierung             | Liquid                                                                                                                   |

|                        |                                                                                                                                                    |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Sequenz                | LEEKKGNYVVDHC                                                                                                                                      |
| Target-Kategorie       | EGFR                                                                                                                                               |
| Application Verdünnung | Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (1-2 ug/mL)The optimal working dilution should be determined by the end user. |
