## Product Datasheet

### **TFRC recombinant monoclonal antibody, clone TFRC/2898R, Clone: [TFRC/2898R], Monoclonal ABN-RAB09006**

|                          |                                                                                                |
|--------------------------|------------------------------------------------------------------------------------------------|
| Artikelname              | TFRC recombinant monoclonal antibody, clone TFRC/2898R, Clone: [TFRC/2898R], Monoclonal        |
| Artikelnummer            | ABN-RAB09006                                                                                   |
| Hersteller Artikelnummer | RAB09006                                                                                       |
| Alternativnummer         | ABN-RAB09006-20                                                                                |
| Hersteller               | Abnova                                                                                         |
| Kategorie                | Antikörper                                                                                     |
| Applikation              | IHC-P                                                                                          |
| Spezies Reaktivität      | Human                                                                                          |
| Immunogen                | Recombinant protein corresponding to amino acids 94-212 at extracellular region of human TFRC. |
| Produktbeschreibung      | Rabbit recombinant monoclonal antibody raised against partial human TFRC....                   |
| Klonalität               | Monoclonal                                                                                     |
| Klon-Bezeichnung         | [TFRC/2898R]                                                                                   |
| UniProt                  | 7037                                                                                           |
| Puffer                   | In 10 mM PBS (0.05% BSA and 0.05% azide)                                                       |
| Formulierung             | Liquid                                                                                         |

| Target-Kategorie       | TFRC                                                                                                                                               |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (1-2 ug/mL)The optimal working dilution should be determined by the end user. |
