## Product Datasheet

### **Anti-Sorbitol Dehydrogenase/SORD Antibody Picoband (monoclonal, 12B10G2) Fluoro488 Conjugated, Clone: [Clone: 12B10G2], Mouse, Monoclonal BOB-M07851-1-FLUORO488**

|                          |                                                                                                                                           |

| Artikelname              | Anti-Sorbitol Dehydrogenase/SORD Antibody Picoband (monoclonal, 12B10G2) Fluoro488 Conjugated, Clone: [Clone: 12B10G2], Mouse, Monoclonal |
| Artikelnummer            | BOB-M07851-1-FLUORO488                                                                                                                    |
| Hersteller Artikelnummer | M07851-1-Fluoro488                                                                                                                        |
| Alternativnummer         | BOB-M07851-1-FLUORO488-100UG                                                                                                              |
| Hersteller               | Boster Bio                                                                                                                                |
| Wirt                     | Mouse                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                |
| Applikation              | FC                                                                                                                                        |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                         |
| Immunogen                | E.coli-derived human Sorbitol Dehydrogenase/SORD recombinant protein (Position: N8-P357).                                                 |
| Klonalität               | Monoclonal                                                                                                                                |
| Klon-Bezeichnung         | [Clone: 12B10G2]                                                                                                                          |
| NCBI                     | <a href="#">6652</a>                                                                                                                      |
| UniProt                  | <a href="#">Q00796</a>                                                                                                                    |

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Puffer                 | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                                 |
| Formulierung           | Liquid                                                                                                       |
| Target-Kategorie       | Sorbitol dehydrogenase                                                                                       |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users.                                         |
