## Product Datasheet

### **Anti-ATP5H in Antibody Picoband (monoclonal, 6B12) APC Conjugated, Clone: [Clone: 6B12], Mouse, Monoclonal BOB-M09565-APC**

|                          |                                                                                                                                                                              |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-ATP5H in Antibody Picoband (monoclonal, 6B12) APC Conjugated, Clone: [Clone: 6B12], Mouse, Monoclonal                                                                   |
| Artikelnummer            | BOB-M09565-APC                                                                                                                                                               |
| Hersteller Artikelnummer | M09565-APC                                                                                                                                                                   |
| Alternativnummer         | BOB-M09565-APC-100UG                                                                                                                                                         |
| Hersteller               | Boster Bio                                                                                                                                                                   |
| Wirt                     | Mouse                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                   |
| Applikation              | FC                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Monkey, Mouse, Rat                                                                                                                                                    |
| Immunogen                | E.coli-derived human ATP5H recombinant protein (Position: A2-L161). Human ATP5H shares 81% and 78% amino acid (aa) sequence identity with mouse and rat ATP5H, respectively. |
| Klonalität               | Monoclonal                                                                                                                                                                   |
| Klon-Bezeichnung         | [Clone: 6B12]                                                                                                                                                                |
| NCBI                     | <a href="#">10476</a>                                                                                                                                                        |
| UniProt                  | <a href="#">O75947</a>                                                                                                                                                       |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                  |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | ATP synthase peripheral stalk subunit d, mitochondrial               |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
