### Anti-Activin Receptor Type IIB/ACVR2B Antibody Picoband APC Conjugated, Rabbit, Polyclonal BOB-PB9975-APC

|                          |                                                                                                                                         |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-Activin Receptor Type IIB/ACVR2B Antibody Picoband APC<br>Conjugated, Rabbit, Polyclonal                                           |
| Artikelnummer            | BOB-PB9975-APC                                                                                                                          |
| Hersteller Artikelnummer | PB9975-APC                                                                                                                              |
| Alternativnummer         | BOB-PB9975-APC-100UG                                                                                                                    |
| Hersteller               | Boster Bio                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                              |
| Applikation              | FC                                                                                                                                      |
| Spezies Reaktivität      | Human, Rat                                                                                                                              |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminus<br>of human ACVR2B, identical to the related mouse and rat sequences. |
| Klonalität               | Polyclonal                                                                                                                              |
| Molekulargewicht         | Calculated Molecular Weight: 57724 MW                                                                                                   |
| NCBI                     | <a href="#">93</a>                                                                                                                      |
| UniProt                  | <a href="#">Q13705</a>                                                                                                                  |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02%<br>NaN <sub>3</sub> .                         |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Activin receptor type-2B                                             |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
