| Artikelname              | Anti-ALDH1A2 Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal                                                                                             |
| Artikelnummer            | BOB-PB9981-FLUORO488                                                                                                                                                |
| Hersteller Artikelnummer | PB9981-Fluoro488                                                                                                                                                    |
| Alternativnummer         | BOB-PB9981-FLUORO488-100UG                                                                                                                                          |
| Hersteller               | Boster Bio                                                                                                                                                          |
| Wirt                     | Rabbit                                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                                          |
| Applikation              | FC                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Monkey                                                                                                                                                       |
| Immunogen                | E.coli-derived human ALDH1A2 recombinant protein (Position: M1-A110). Human ALDH1A2 shares 95.5% amino acid (aa) sequence identity with both mouse and rat ALDH1A2. |
| Klonalität               | Polyclonal                                                                                                                                                          |
| Molekulargewicht         | Calculated Molecular Weight: 57 kDa                                                                                                                                 |
| NCBI                     | <a href="#">8854</a>                                                                                                                                                |
| UniProt                  | <a href="#">O94788</a>                                                                                                                                              |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                         |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Retinal dehydrogenase 2                                              |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
