| Artikelname              | Anti-AKR1D1 Antibody Picoband Biotin Conjugated, Rabbit, Polyclonal                                                                                                                        |
| Artikelnummer            | BOB-A05278-1-BIOTIN                                                                                                                                                                        |
| Hersteller Artikelnummer | A05278-1-Biotin                                                                                                                                                                            |
| Alternativnummer         | BOB-A05278-1-BIOTIN-100UG                                                                                                                                                                  |
| Hersteller               | Boster Bio                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                                                 |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                             |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                          |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminus of human AKR1D1, which shares 90.9% and 93.9% amino acid (aa) sequence identity with mouse and rat AKR1D1, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                                 |
| Molekulargewicht         | Calculated Molecular Weight: 39411 MW                                                                                                                                                      |
| NCBI                     | <a href="#">6718</a>                                                                                                                                                                       |
| UniProt                  | <a href="#">P51857</a>                                                                                                                                                                     |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                |
| Reinheit                 | Immunogen affinity purified.                                                                                                                                                               |

|                        |                                                                                                                                                                                                                                       |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                                                                                                |
| Target-Kategorie       | Aldo-keto reductase family 1 member D1                                                                                                                                                                                                |
| Application Verdünnung | Western blot, Optimal dilutions should be determined by end users. Immunohistochemistry (Paraffin-embedded Section), Optimal dilutions should be determined by end users. ELISA, Optimal dilutions should be determined by end users. |
