| Artikelname              | Anti-AKR1D1 Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal                                                                                                                     |
| Artikelnummer            | BOB-A05278-1-FLUORO488                                                                                                                                                                     |
| Hersteller Artikelnummer | A05278-1-Fluoro488                                                                                                                                                                         |
| Alternativnummer         | BOB-A05278-1-FLUORO488-100UG                                                                                                                                                               |
| Hersteller               | Boster Bio                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                                                 |
| Applikation              | FC                                                                                                                                                                                         |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                          |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminus of human AKR1D1, which shares 90.9% and 93.9% amino acid (aa) sequence identity with mouse and rat AKR1D1, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                                 |
| Molekulargewicht         | Calculated Molecular Weight: 39411 MW                                                                                                                                                      |
| NCBI                     | <a href="#">6718</a>                                                                                                                                                                       |
| UniProt                  | <a href="#">P51857</a>                                                                                                                                                                     |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Aldo-keto reductase family 1 member D1                               |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
