| Hersteller Artikelnummer | orb1819348                                                                                                                                                               |
| Alternativnummer         | BYT-ORB1819348-100                                                                                                                                                       |
| Hersteller               | Biorbyt                                                                                                                                                                  |
| Wirt                     | Rabbit                                                                                                                                                                   |
| Kategorie                | Antikörper                                                                                                                                                               |
| Applikation              | ELISA, IHC                                                                                                                                                               |
| Spezies Reaktivität      | Human                                                                                                                                                                    |
| Immunogen                | E.coli-derived human OCM recombinant protein (Position: M1-S110). Human OCM shares 88.1% and 89% amino acid (aa) sequence identity with mouse and rat OCM, respectively. |
| Konjugation              | Unconjugated                                                                                                                                                             |
| Produktbeschreibung      | Anti-OCM Antibody. Tested in ELISA, IHC applications. This antibody reacts with Human....                                                                                |
| Klonalität               | Polyclonal                                                                                                                                                               |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                |
| Molekulargewicht         | 100 kDa                                                                                                                                                                  |

|                        |                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P0CE72</a>                                                                     |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .  |
| Formulierung           | Lyophilized                                                                                |
| Target-Kategorie       | Oncomodulin-1                                                                              |
| Application Verdünnung | Immunohistochemistry (Paraffin-embedded Section), 2-5 µg/ml, Human ELISA, 0.1-0.5 µg/ml, - |
