| Applikation              | IHC-P, WB                                                                                                                                                                                                                                                                 |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                                     |
| Immunogen                | A recombinant partial protein sequence (within amino acids 1-95) from the human protein was used as the immunogen for the S100P antibody.                                                                                                                                 |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                              |
| Produktbeschreibung      | S100P is a 95-amino-acid protein and a member of the S100 family. S100P has been shown to mediate tumor growth, metastasis and invasion through the binding of Ca <sup>2+</sup> ions, receptor for advanced glycation end products, cytoskeletal protein ezrin, calcyc... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                                |
| Klon-Bezeichnung         | [S100P/7373]                                                                                                                                                                                                                                                              |

|                        |                                                                                                  |
|------------------------|--------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P25815</a>                                                                           |
| Puffer                 | 0.2 mg/ml in 1X PBS with 0.1 mg/ml rAlbumin, 0.05% sodium azide                                  |
| Application Verdünnung | Western blot: 1-2ug/ml,Immunohistochemistry (FFPE): 1-2ug/ml for 30 min at RT                    |
| Anwendungsbeschreibung | Application Notes: Optimal dilution of the S100P antibody should be determined by the researcher |
