| Artikelname              | TNFSF14 Antibody, IgG2b, Clone: [8D4], Unconjugated, Mouse, Monoclonal     |
| Artikelnummer            | BYT-ORB1239565                                                             |
| Hersteller Artikelnummer | orb1239565                                                                 |
| Alternativnummer         | BYT-ORB1239565-0.02, BYT-ORB1239565-0.1                                    |
| Hersteller               | Biorbyt                                                                    |
| Wirt                     | Mouse                                                                      |
| Kategorie                | Antikörper                                                                 |
| Applikation              | ELISA, FC, ICC, IF, IHC-P, WB                                              |
| Spezies Reaktivität      | Human                                                                      |
| Immunogen                | LIGHT antibody was raised against the extracellular domain of human LIGHT. |
| Konjugation              | Unconjugated                                                               |
| Produktbeschreibung      | TNFSF14 Antibody...                                                        |
| Klonalität               | Monoclonal                                                                 |
| Konzentration            | 1 mg/mL                                                                    |
| Klon-Bezeichnung         | [8D4]                                                                      |
| Molekulargewicht         | Predicted: 26 kDa                                                          |

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| NCBI                   | <a href="#">003798</a>                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| UniProt                | <a href="#">O43557</a>                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Puffer                 | LIGHT Antibody is supplied in PBS containing 0.02% sodium azide and 50% glycerol.                                                                                                                                                                                                                                                                                                                                                                                                              |
| Formulierung           | Liquid                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Target-Kategorie       | TNFSF14                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Anwendungsbeschreibung | <p>Application Notes: LIGHT antibody can be used for detection of CD80 by Western blot at 0.5 - 1 µg/mL. LIGHT antibody can be used for immunohistochemistry starting at 2 - 5 µg/mL. For immunofluorescence start at 20 µg/mL. Antibody validated: Western Blot in human samples, Immunohistochemistry in human samples, Immunocytochemistry in human samples, Immunofluorescence in human samples and Flow Cytometry in mouse samples. All other applications and species not yet tested</p> |
