| Hersteller               | Biorbyt                                                                                                                                                                                             |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                    |
| Produktbeschreibung      | This Mouse IL13 protein spans the amino acid sequence from region 26-131aa. Purity: Greater than 95% as determined by SDS-PAGE....                                                                  |
| Molekulargewicht         | 12.7 kDa                                                                                                                                                                                            |
| UniProt                  | <a href="#">P20109</a>                                                                                                                                                                              |
| Puffer                   | Lyophilized from a 0.2 µm filtered 1xPBS, pH 7.4                                                                                                                                                    |
| Quelle                   | Mus musculus (Mouse)                                                                                                                                                                                |
| Reinheit                 | Greater than 95% as determined by SDS-PAGE.                                                                                                                                                         |
| Formulierung             | Lyophilized powder                                                                                                                                                                                  |
| Sequenz                  | SVSLPLTLKELIEELSNITQDQTPLCNGSMVWSVDLAAGGFCVALDSLTNISNC<br>NAIYRTQRILHGLCNRKAPTTVSSLPDTKIEVAHFITKLLSYTKQLFRHGPF                                                                                      |
| Anwendungsbeschreibung   | Biological Origin: Mus musculus (Mouse). Biological Activity: The ED50 as determined in a cell proliferation assay using TF-1 human erythroleukemic cells is 2-13 ng/ml. Application Notes: Partial |
