## Product Datasheet

### **TROP2 Antibody / TACSTD2, Clone: [TACSTD2/2152], Unconjugated, Mouse, Monoclonal BYT-ORB606595**

Artikelname	TROP2 Antibody / TACSTD2, Clone: [TACSTD2/2152], Unconjugated, Mouse, Monoclonal
Artikelnummer	BYT-ORB606595
Hersteller Artikelnummer	orb606595
Alternativnummer	BYT-ORB606595-100,BYT-ORB606595-20
Hersteller	Biorbyt
Wirt	Mouse
Kategorie	Antikörper
Applikation	IF, IHC-P
Spezies Reaktivität	Human
Immunogen	A portion of amino acids 31-274 were used as the immunogen for the TROP2 antibody.
Konjugation	Unconjugated
Produktbeschreibung	TACSTD2, also called TROP2, is a cell surface glycoprotein receptor. It is a single pass type I membrane protein containing one thyroglobulin type-1 domain, an epidermal growth factor-like repeat, a phosphatidylinositol binding site and tyrosine phos...
Klonalität	Monoclonal
Klon-Bezeichnung	[TACSTD2/2152]

UniProt	<a href="#">P09758</a>
Puffer	0.2 mg/ml in 1X PBS with 0.1 mg/ml rAlbumin and 0.05% sodium azide
Application Verdünnung	Immunofluorescence: 1-2ug/ml, Immunohistochemistry (FFPE): 1-2ug/ml for 30 min at RT
Anwendungsbeschreibung	Application Notes: Optimal dilution of the TROP2 antibody should be determined by the researcher
