## Product Datasheet

### VPS35 Antibody (APC), IgG1, Clone: [5A9], Mouse, Monoclonal BYT-ORB612780

|                          |                                                              |
|--------------------------|--------------------------------------------------------------|
| Artikelname              | VPS35 Antibody (APC), IgG1, Clone: [5A9], Mouse, Monoclonal  |
| Artikelnummer            | BYT-ORB612780                                                |
| Hersteller Artikelnummer | orb612780                                                    |
| Alternativnummer         | BYT-ORB612780-100                                            |
| Hersteller               | Biorbyt                                                      |
| Wirt                     | Mouse                                                        |
| Kategorie                | Antikörper                                                   |
| Applikation              | ICC, IF, IP, WB                                              |
| Spezies Reaktivität      | Human, Mouse, Rat                                            |
| Immunogen                | Full length recombinant human VSP35                          |
| Konjugation              | APC                                                          |
| Produktbeschreibung      | Mouse monoclonal antibody against VPS35 conjugated to APC... |
| Klonalität               | Monoclonal                                                   |
| Konzentration            | 1 mg/ml                                                      |
| Klon-Bezeichnung         | [5A9]                                                        |
| Molekulargewicht         | 92 kDa                                                       |
| Isotyp                   | IgG1                                                         |
| NCBI                     | <a href="#">060676</a>                                       |

|                        |                                                                                                                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q96QK1</a>                                                                                                                                                                       |
| Puffer                 | 95.46mM Phosphate, 2.48mM MES and 2mM EDTA                                                                                                                                                   |
| Target-Kategorie       | VPS35                                                                                                                                                                                        |
| Application Verdünnung | WB (1:1000), ICC/IF (1:200), IP (1:200)                                                                                                                                                      |
| Anwendungsbeschreibung | Application Notes: A 1:1000 dilution of SMC-603 was sufficient for detection of VPS35 in 10 µg of SH-SY5Y by ECL immunoblot analysis using Goat Anti-Mouse IgG:HRP as the secondary antibody |
