| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Purinergic Receptor P2Y8 (P2RY8) is a G proteincoupled receptor primarily expressed in lymphoid tissues. It plays a critical role in B cell signaling and germinal center organization by responding to S1P gradients. Mutations or deletions of P2RY8 are... |
| Molekulargewicht         | 53.2 kDa                                                                                                                                                                                                                                                      |
| Tag                      | N-Flag & C-10*His                                                                                                                                                                                                                                             |
| NCBI                     | <a href="#">86</a>                                                                                                                                                                                                                                            |
| Puffer                   | 50 mM HEPES, 150 mM NaCl, DDM, CHS, pH7.5                                                                                                                                                                                                                     |
| Formulierung             | Liquid                                                                                                                                                                                                                                                        |
