| Kategorie                | Sonstiges                                                                                                                                                                                                                                                     |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human VEGF.                                                                                                                                                                                                                                       |
| Produktbeschreibung      | Expression Host : HEK-293 This non-therapeutic biosimilar antibody uses the same variable region sequence as the therapeutic antibody Bevacizumab. Bevacizumab recognizes both native and reduced human VEGF (isoform 165). This product is for research u... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [A4.6.1]                                                                                                                                                                                                                                                      |
| Target-Kategorie         | VEGF                                                                                                                                                                                                                                                          |
| Antibody Type            | Recombinant Antibody                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                                                                                                                                 |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | The suggested concentration for Adalimumab biosimilar antibody for staining cells in flow cytometry is $\approx 1.0 \mu\text{g}$ per $10^6$ cells in a volume of $100 \mu\text{l}$ . Titration of the reagent is recommended for optimal performance for each application.ELISA |
