| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FACS                                                                                                                                                                                                                                                          |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A partial length recombinant human DR4 protein (amino acids 2-203 was used as an immunogen for this antibody.                                                                                                                                                 |
| Konjugation              | FITC                                                                                                                                                                                                                                                          |
| Produktbeschreibung      | Death receptor 4 (DR4) or TRAIL-R1, a member of the tumor necrosis factor receptor superfamily, is a cell surface receptor that triggers the apoptotic machinery upon binding to its ligand tumor necrosis factor-related apoptosis-inducing ligand (TRAIL... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [ABM1B11]                                                                                                                                                                                                                                                     |
| NCBI                     | <a href="#">8797</a>                                                                                                                                                                                                                                          |

|                        |                                                         |
