| Hersteller               | Abeomics                                                                                                                                                                                                                                                      |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A partial length recombinant Cyclin D1 protein (amino acids 107-275) was used as the immunogen for this antibody.                                                                                                                                             |
| Produktbeschreibung      | Cyclin D1 (CCND1) is an important positive regulator of the G1/S phase of the cell cycle. It regulate cell cycle transition from G1 phase to S phase It is a well-established human oncogene which is frequently amplified or overexpressed in cancers (25... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [ABM47F5]                                                                                                                                                                                                                                                     |
