## Product Datasheet

### **Phospho-Stat5 (Tyr694) (Clone: B5) rabbit mAb, Clone: [Stat5Y694-B5], Unconjugated, Rabbit, Monoclonal ABI-12-4119**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | ABI-12-4119-200UL                                                                                                                                                                                                                                             |
| Hersteller               | Abeomics                                                                                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FACS                                                                                                                                                                                                                                                          |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Immunogen                | A synthetic phospho-peptide corresponding to residues surrounding Tyr694 of human phospho Stat5                                                                                                                                                               |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Stat5 activation occurs in response to many ligands including prolactin, IL-2, growth hormone, and GM-CSF. Tyr694 phosphorylation is obligatory activation of Stat5 (1,2), and is mediated by Src upon erythropoietin stimulation (3). Phospho Stat5 is co... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [Stat5Y694-B5]                                                                                                                                                                                                                                                |

|                        |                                                                                                                                                                                   |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Purified                                                                                                                                                                          |
| Application Verdünnung | 1µg/mL - 0.001µg/mL. It is recommended that the reagent be titrated for optimal performance for each application. See product image legends for additional information.(0.5mg/ml) |
