| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Specificity: Anti-Acinetobacter (Clone ABAC-9413) is specific for OmpA of several Acinetobacter species including A. baumannii (4 strains), A. haemolyticus, A. Iwoffii (2 strains), Morexella catarrhalis (2 strains). It is non-reactive with E. coli (m... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [ABAC-9413]                                                                                                                                                                                                                                                   |
| Reinheit                 | Purity: >=90% Preparation: This monoclonal antibody is purified by protein A chromatography or sequential differential precipitations.                                                                                                                        |
| Target-Kategorie         | OmpA                                                                                                                                                                                                                                                          |
| Application Verdünnung   | ELISA: 1:20-1:200 (heat extraction required)                                                                                                                                                                                                                  |
