| Applikation              | ELISA                                                                                                                                                                                                                                                                                                                                                       |
| Produktbeschreibung      | Specificity: Anti-SARS-CoV-2 Spike NTD, clone 2146, specifically targets an epitope on the SARS-CoV-2 spike protein N-terminal domain. Antigen Distribution: The spike NTD is expressed on the surface of SARS-CoV-2. Background: Severe acute respiratory...                                                                                               |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                                                                                                                  |
| Klon-Bezeichnung         | [2146]                                                                                                                                                                                                                                                                                                                                                      |
| Reinheit                 | Purity :>=90% monomer by analytical SEC and SDS-PagePreparation : Recombinant antibodies are manufactured in an animal free facility using only in vitro protein free cell culture techniques and are purified by a multi-step process including the use of protein A or G to assure extremely low levels of endotoxins, leachable protein A or aggregates. |
| Target-Kategorie         | SARS-CoV-2 Spike NTD                                                                                                                                                                                                                                                                                                                                        |
