| Hersteller Artikelnummer | 36-2611                                                                                                                                                                                                                                                       |
| Alternativnummer         | ABI-36-2611-100UG                                                                                                                                                                                                                                             |
| Hersteller               | Abeomics                                                                                                                                                                                                                                                      |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FACS, IF, WB                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human full-length integrin alpha V beta 1 protein                                                                                                                                                                                                 |
| Produktbeschreibung      | Integrins are heterodimers composed of noncovalently associated transmembrane both receptor clustering and ligand occupancy are necessary for the activation of integrin-mediated responses. In addition to mediating cell adhesion and cytoskeletal organ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [ITGAV/1610]                                                                                                                                                                                                                                                  |
| NCBI                     | <a href="#">3685</a>                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">P06756</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                                                                             |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | ELISA (For coating use Ab at 1-5ug/ml, order Ab without BSA), Flow Cytometry (1-2ug/million cells), Immunofluorescence (1-2ug/ml), Western Blot (1-2ug/ml), |
