### Human Hepcidin/HAMP Protein (HEP-HE601) KAB-HEP-HE601

|                          |                                                                                                                                                               |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Human Hepcidin/HAMP Protein (HEP-HE601)                                                                                                                       |
| Artikelnummer            | KAB-HEP-HE601                                                                                                                                                 |
| Hersteller Artikelnummer | HEP-HE601                                                                                                                                                     |
| Alternativnummer         | KAB-HEP-HE601-100UG, KAB-HEP-HE601-500UG                                                                                                                      |
| Hersteller               | KactusBio                                                                                                                                                     |
| Kategorie                | Proteine/Peptide                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                         |
| Produktbeschreibung      | Recombinant Human Hepcidin/HAMP Protein is expressed from E.coli with GST tag at the N-Terminus.It contains Asp60-Thr84....                                   |
| Molekulargewicht         | The protein has a predicted MW of 29.08 kDa same as Bis-Tris PAGE result.                                                                                     |
| Tag                      | N-GST                                                                                                                                                         |
| UniProt                  | <a href="#">P81172</a>                                                                                                                                        |
| Puffer                   | Lyophilized from 0.22µm filtered solution in 50mM Tris-HCl, 150mM NaCl, 2mM DTT (pH 7.5). Normally 8% trehalose is added as protectant before lyophilization. |
| Expression System        | E.coli                                                                                                                                                        |
| Reinheit                 | > 95% as determined by Bis-Tris PAGE                                                                                                                          |
| Formulierung             | Lyophilized                                                                                                                                                   |

|                  |               |
|------------------|---------------|
| Sequenz          | Asp60-Thr84   |
| Target-Kategorie | Hepcidin/HAMP |
