| Artikelname              | MonoMethyl-Histone H3-K79 Rabbit pAb, Unconjugated                                                                                                                                              |
| Artikelnummer            | ABB-A20821                                                                                                                                                                                      |
| Hersteller Artikelnummer | A20821                                                                                                                                                                                          |
| Alternativnummer         | ABB-A20821-100UL, ABB-A20821-20UL                                                                                                                                                               |
| Hersteller               | ABclonal                                                                                                                                                                                        |
| Wirt                     | Rabbit                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                      |
| Applikation              | ChIP, ELISA, WB                                                                                                                                                                                 |
| Spezies Reaktivität      | Human                                                                                                                                                                                           |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive.                                                                                                                 |
| Konjugation              | Unconjugated                                                                                                                                                                                    |
| Molekulargewicht         | 15kDa                                                                                                                                                                                           |
| NCBI                     | <a href="#">8290</a>                                                                                                                                                                            |
| UniProt                  | <a href="#">Q16695</a>                                                                                                                                                                          |
| Reinheit                 | Affinity purification                                                                                                                                                                           |
| Application Verdünnung   | WB,1:500 - 1:1000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. ChIP,2µg antibody for 5µg-10µg of Chromatin |

|                        |                                                                                                                                                                                                                                                                                    |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse,Rat,Other (Wide Range Predicted).<br>ResearchArea: Protein phosphorylation,Signal Transduction,MAPK-<br>Erk Signaling Pathway,Cell Biology Developmental Biology,Cell<br>Cycle,Immunology Inflammation,NF-kB Signaling Pathway. Shipping:<br>Ice Bag |
