## Product Datasheet

### Nanog Rabbit mAb, Unconjugated, Monoclonal ABB-A28665

|                          |                                                                                 |
|--------------------------|---------------------------------------------------------------------------------|
| Artikelname              | Nanog Rabbit mAb, Unconjugated, Monoclonal                                      |
| Artikelnummer            | ABB-A28665                                                                      |
| Hersteller Artikelnummer | A28665                                                                          |
| Alternativnummer         | ABB-A28665-100UL, ABB-A28665-1000UL, ABB-A28665-20UL, ABB-A28665-500UL          |
| Hersteller               | ABclonal                                                                        |
| Wirt                     | Rabbit                                                                          |
| Kategorie                | Antikörper                                                                      |
| Applikation              | ChIP, ELISA, IF, IP, WB                                                         |
| Spezies Reaktivität      | Mouse                                                                           |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive. |
| Konjugation              | Unconjugated                                                                    |
| Klonalität               | Monoclonal                                                                      |
| Molekulargewicht         | 32 kDa/34 kDa                                                                   |
| NCBI                     | <a href="#">71950</a>                                                           |
| UniProt                  | <a href="#">Q80Z64</a>                                                          |
| Reinheit                 | Affinity purification                                                           |

|                        |                                                                                                                                                                                                                                                                 |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | WB,1:2000 - 1:5000 IP,0.5 µg - 4 µg antibody for 900 µg - 1100 µg extracts of whole cells IF/ICC,1:200 - 1:400 ChIP,2 µg antibody for 10 µg - 15 µg of Chromatin ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based o |
| Anwendungsbeschreibung | Cross-Reactivity: Mouse. ResearchArea: Immunology Inflammation,CDs. Shipping: Ice Bag                                                                                                                                                                           |
