## Product Datasheet

### APC Rat anti-Mouse CD3 mAb, Monoclonal ABB-A28773

|                          |                                                                                 |
|--------------------------|---------------------------------------------------------------------------------|
| Artikelname              | APC Rat anti-Mouse CD3 mAb, Monoclonal                                          |
| Artikelnummer            | ABB-A28773                                                                      |
| Hersteller Artikelnummer | A28773                                                                          |
| Alternativnummer         | ABB-A28773-100UG                                                                |
| Hersteller               | ABclonal                                                                        |
| Wirt                     | Rat                                                                             |
| Kategorie                | Antikörper                                                                      |
| Applikation              | FC                                                                              |
| Spezies Reaktivität      | Mouse                                                                           |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive. |
| Konjugation              | APC                                                                             |
| Klonalität               | Monoclonal                                                                      |
| NCBI                     | <a href="#">12500</a>                                                           |
| UniProt                  | <a href="#">P04235</a>                                                          |
| Reinheit                 | Affinity purification                                                           |
| Application Verdünnung   | FC, 0.25 µg per million cells in 100 µl volume                                  |

|                        |                                                                                                                                                                                                                                      |
