## Product Datasheet

### Acetyl-Histone H4-K8 Rabbit pAb, Unconjugated ABB-A7258

|                          |                                                                                 |
|--------------------------|---------------------------------------------------------------------------------|
| Artikelname              | Acetyl-Histone H4-K8 Rabbit pAb, Unconjugated                                   |
| Artikelnummer            | ABB-A7258                                                                       |
| Hersteller Artikelnummer | A7258                                                                           |
| Alternativnummer         | ABB-A7258-20UL, ABB-A7258-100UL                                                 |
| Hersteller               | ABclonal                                                                        |
| Wirt                     | Rabbit                                                                          |
| Kategorie                | Antikörper                                                                      |
| Applikation              | ChIP, ELISA, IF, IHC-P, WB                                                      |
| Spezies Reaktivität      | Human                                                                           |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive. |
| Konjugation              | Unconjugated                                                                    |
| Molekulargewicht         | 11kDa                                                                           |
| NCBI                     | <a href="#">8359</a>                                                            |
| UniProt                  | <a href="#">P62805</a>                                                          |
| Reinheit                 | Affinity purification                                                           |

|                        |                                                                                                                                                                                                                                                               |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | WB,1:500 - 1:1000 IHC-P,1:50 - 1:200 IF/ICC,1:500 - 1:1000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. ChIP,5µg antibody for 5µg-10µg of Chromatin ChIP-seq,1:20 - 1:50 |
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse,Rat,Other (Wide Range Predicted). ResearchArea: Epigenetics Nuclear Signaling. Shipping: Ice Bag                                                                                                                                |
