## Product Datasheet

### Phospho-Chk1-S280 Rabbit pAb, Unconjugated ABB-AP0017

|                          |                                                                                                                                                                        |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Phospho-Chk1-S280 Rabbit pAb, Unconjugated                                                                                                                             |
| Artikelnummer            | ABB-AP0017                                                                                                                                                             |
| Hersteller Artikelnummer | AP0017                                                                                                                                                                 |
| Alternativnummer         | ABB-AP0017-100UL, ABB-AP0017-20UL                                                                                                                                      |
| Hersteller               | ABclonal                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                             |
| Applikation              | ELISA, IHC-P, WB                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                  |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive.                                                                                        |
| Konjugation              | Unconjugated                                                                                                                                                           |
| Molekulargewicht         | 54kDa                                                                                                                                                                  |
| NCBI                     | <a href="#">1111</a>                                                                                                                                                   |
| UniProt                  | <a href="#">O14757</a>                                                                                                                                                 |
| Reinheit                 | Affinity purification                                                                                                                                                  |
| Application Verdünnung   | WB,1:500 - 1:1000 IHC-P,1:50 - 1:200 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |

|                        |                                                                                                                                                                                                                                                                                                                                                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | <p>Cross-Reactivity: Human,Mouse,Rat. ResearchArea: Epigenetics<br/> Nuclear Signaling,DNA Damage Repair,Protein<br/> phosphorylation,Cancer,Signal Transduction,Kinase,Serine threonine<br/> kinases,ATM Signaling Pathway,Cell Biology Developmental<br/> Biology,Apoptosis,Cell Cycle,Cell Cycle Control-G1 S Checkpoint,Cell<br/> Cycle Control-G2 M DNA Damage Checkpoint. Shipping: Ice Bag</p> |
