## Product Datasheet

### Phospho-Histone H2AX-S139 Rabbit pAb, Unconjugated ABB-AP0099

|                          |                                                                                 |
|--------------------------|---------------------------------------------------------------------------------|
| Artikelname              | Phospho-Histone H2AX-S139 Rabbit pAb, Unconjugated                              |
| Artikelnummer            | ABB-AP0099                                                                      |
| Hersteller Artikelnummer | AP0099                                                                          |
| Alternativnummer         | ABB-AP0099-100UL, ABB-AP0099-20UL                                               |
| Hersteller               | ABclonal                                                                        |
| Wirt                     | Rabbit                                                                          |
| Kategorie                | Antikörper                                                                      |
| Applikation              | ELISA, IF, IHC-P, WB                                                            |
| Spezies Reaktivität      | Human                                                                           |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive. |
| Konjugation              | Unconjugated                                                                    |
| Molekulargewicht         | 15 kDa                                                                          |
| NCBI                     | <a href="#">3014</a>                                                            |
| UniProt                  | <a href="#">P16104</a>                                                          |
| Reinheit                 | Affinity purification                                                           |

|                        |                                                                                                                                                                                             |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | WB,1:400 - 1:5000 IF/ICC,1:100 - 1:500 IHC-P,1:50 - 1:200 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse,Rat. ResearchArea: Epigenetics<br>Nuclear Signaling,DNA Damage Repair,Protein phosphorylation,ATM Signaling Pathway. Shipping: Ice Bag                        |
