| Hersteller               | ABclonal                                                                                                                                                                                            |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                                               |
| Produktbeschreibung      | Recombinant Human FABP4/A-FABP/ALBP Protein is produced by <i>E. coli</i> expression system. The target protein is expressed with sequence (Cys2-Ala132) of human FABP4 (Accession NP_001433.1).... |
| Molekulargewicht         | 14.59 kDa                                                                                                                                                                                           |
| Tag                      | No tag                                                                                                                                                                                              |
| NCBI                     | <a href="#">2167</a>                                                                                                                                                                                |
| UniProt                  | <a href="#">P15090</a>                                                                                                                                                                              |
| Quelle                   | <i>E. coli</i>                                                                                                                                                                                      |
| Reinheit                 | 95 % as determined by SDS-PAGE.                                                                                                                                                                     |
| Formulierung             | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. Contact us for customized product form or formulation.                                                                                 |

Anwendungsbeschreibung

ResearchArea: Other Recombinant Protein. Shipping: Ice Bag
