| Hersteller               | EXBIO                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ICC, IP, WB                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | His6-tagged protein corresponding to amino acids 1190-1450 of human ARAP1                                                                                                                                                                                    |
| Produktbeschreibung      | ARAP1 (angiotensin II type 1 receptor-associated protein) is an adaptor protein with ArfGAP and RhoGAP activities, containing five PH domains and ankyrin repeat. This adaptor seems to serve as a link between phosphoinositide- Arf-, and Rho-mediated ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                   |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                      |
| Klon-Bezeichnung         | [ARAP1-2]                                                                                                                                                                                                                                                    |
| Isotyp                   | Mouse IgG1                                                                                                                                                                                                                                                   |
| Puffer                   | Phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                                                                                                                                                                  |

|                        |                                                 |
|------------------------|-------------------------------------------------|
| Lagerung               | 2°C to 8°C                                      |
| Target-Kategorie       | ARAP1                                           |
| Antibody Type          | Monoclonal Antibody                             |
| Anwendungsbeschreibung | Western blotting: Recommended dilution: 2 µg/ml |
