| Hersteller               | EXBIO                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, ICC, IHC-Fr, IHC-P, IP, WB                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Synthetic peptide corresponding to the amino acids 41-54 of human Bcl2                                                                                                                                                                                        |
| Produktbeschreibung      | Bcl2 (B cell chronic lymphatic leukemia protein 2) is a proto-oncogen, which can contribute to tumorigenesis by counteracting apoptosis in various cell types. The anti-apoptotic effect of Bcl2 is performed by its interactions with suppressors and ago... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| Klon-Bezeichnung         | [Bcl-2/100]                                                                                                                                                                                                                                                   |
| Isotyp                   | Mouse IgG1                                                                                                                                                                                                                                                    |
| Puffer                   | Phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                                                                                                                                                                   |

|                        |                                                                                                                            |
|------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Lagerung               | 2°C to 8°C                                                                                                                 |
| Target-Kategorie       | BCL2                                                                                                                       |
| Antibody Type          | Monoclonal Antibody                                                                                                        |
| Anwendungsbeschreibung | Flow cytometry: Recommended dilution: 1-5 µg/ml. Intracellular staining.Western blotting: Recommended dilution: 1-2 µg/ml. |
