| Immunogen                | PHA-activated peripheral blood leucocytes                                                                                                                                                                                                                      |
| Konjugation              | Biotin                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | CD25 (IL2Ralpha, Tac) is a ligand-binding alpha subunit of interleukin 2 receptor (IL2R). Together with beta and gamma subunit CD25 constitutes the high affinity IL2R, whereas CD25 alone serves as the low affinity IL2R. CD25 expression rapidly increas... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                     |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                        |
| Klon-Bezeichnung         | [MEM-140]                                                                                                                                                                                                                                                      |
| Isotyp                   | IgM                                                                                                                                                                                                                                                            |
| Puffer                   | Tris buffered saline (TBS), pH 8.0, 15 mM sodium azide                                                                                                                                                                                                         |

|                        |                                                |
|------------------------|------------------------------------------------|
| Lagerung               | 2°C to 8°C                                     |
| Antibody Type          | Monoclonal Antibody                            |
| Anwendungsbeschreibung | Flow cytometry: Recommended dilution: 1 µg/ml. |
