| Artikelname              | Anti-HLA-G FITC, Clone: [87G], Monoclonal                                                                                                                  |
| Artikelnummer            | EXB-1F-437-C025                                                                                                                                            |
| Hersteller Artikelnummer | 1F-437-C025                                                                                                                                                |
| Alternativnummer         | EXB-1F-437-C025                                                                                                                                            |
| Hersteller               | EXBIO                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                 |
| Applikation              | FC                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                      |
| Immunogen                | HLA-B27 transgenic mice were immunized with H-2 identical murine cells transfected with and expressing genes encoding HLA-G and human beta2-microglobulin. |
| Konjugation              | FITC                                                                                                                                                       |
| Klonalität               | Monoclonal                                                                                                                                                 |
| Konzentration            | 1 mg/ml                                                                                                                                                    |
| Klon-Bezeichnung         | [87G]                                                                                                                                                      |
| Isotyp                   | IgG2a                                                                                                                                                      |
| Puffer                   | Phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                                                                |
| Lagerung                 | 2°C to 8°C                                                                                                                                                 |
| Antibody Type            | Monoclonal Antibody                                                                                                                                        |

|                        |                                                                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Flow cytometry: Extracellular and intracellular staining, recommended dilution: 2 µg/ml, positive control: JEG-3 human choriocarcinoma epithelial cell line. |
