| Hersteller               | EXBIO                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, ICC, WB                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | MCF-7 human breast adenocarcinoma cell line                                                                                                                                                                                                                   |
| Konjugation              | AF488                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Cytokeratins are a subfamily of intermediate filaments and characterized by remarkable biochemical diversity. They are represented in epithelial tissues by at least 20 different polypeptides, molecular weight between 40 kDa and 68 kDa. The individual... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/ml                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [A53-B/A2]                                                                                                                                                                                                                                                    |
| Isotyp                   | Mouse IgG2a                                                                                                                                                                                                                                                   |

|                        |                                                                          |
|------------------------|--------------------------------------------------------------------------|
| Puffer                 | Stabilizing phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide  |
| Lagerung               | 2°C to 8°C                                                               |
| Target-Kategorie       | Cytokeratin 19                                                           |
| Antibody Type          | Monoclonal Antibody                                                      |
| Anwendungsbeschreibung | Flow cytometry: Recommended dilution: 1-5 µg/ml. Intracellular staining. |
